SPONSORSHIP OPPORTUNITIES

LIVE PERFORMANCES

From individual events, arts festivals such as Disrupt and Palaver, to our entire family programme, which brings around twenty shows a year to Cambridge. Scalable opportunities are available with our Arts programme, which engages a wide range of audiences across all genres.

COMMUNITY ENGAGEMENT

We have worked in a wide range of community settings from food hubs to public parks. We have presented at jumble sale cat walks and given prizes at artist-led dog shows. Projects are always original and they all bring people together for creative activities and strengthen feelings of community by providing unusual and considered shared experiences.

YOUNG PEOPLE'S CREATIVE DEVELOPMENT

Support young people through sponsorship of creative apprenticeship placements, sound engineering courses, creative industry events and our Fiver events. Cambridge Junction has a strong following of young people for those looking to promote opportunities for skills development.

INCLUSIVE CREATIVE PARTICIPATION

Our creative learning programmes are built on principles of inclusion and collaboration. Your support can extend our work with young people with complex needs, and those who experience barriers in their lives.

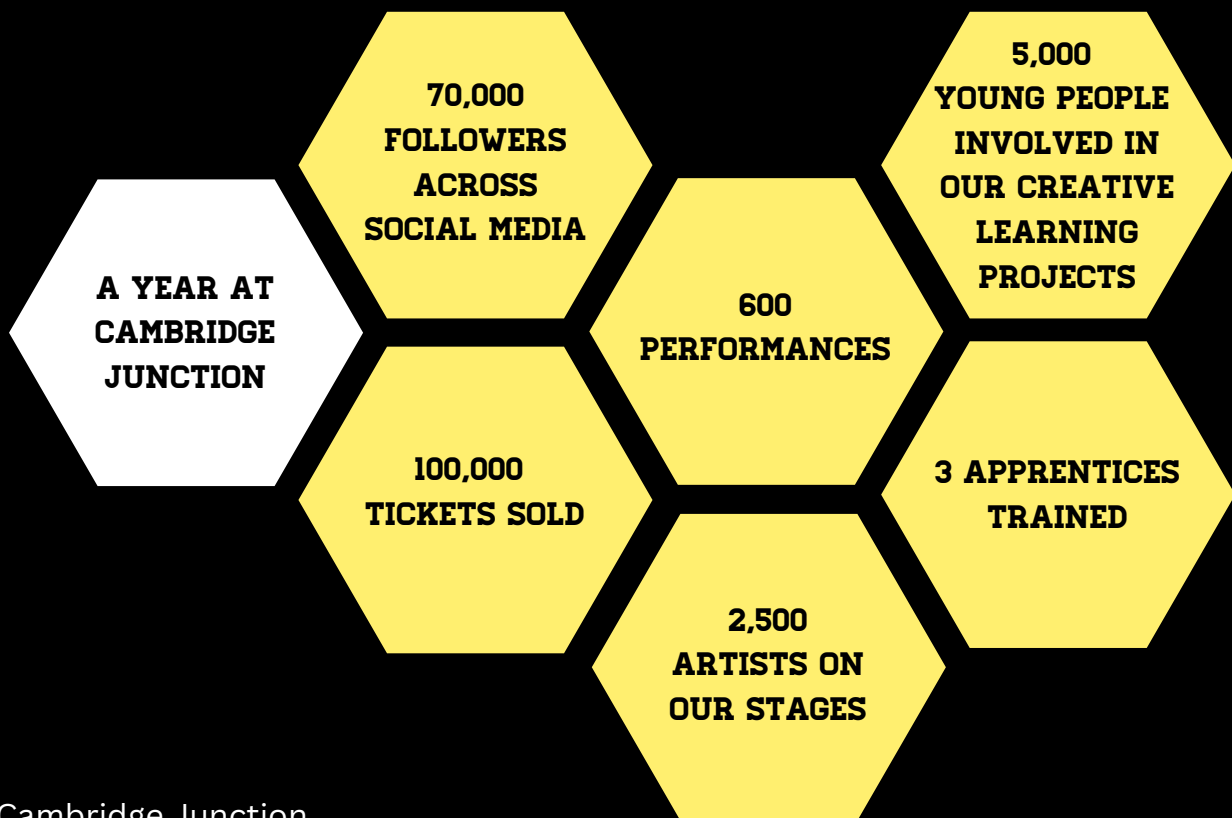

HIRE US

You can hire our venue to hold a conference, function, lecture, presentation, workshop or meeting. All spaces are WiFi enabled, fully accessible and have flexible layouts.
