Arriving at Cambridge Junction

This is the outside of Cambridge Junction.

When you arrive, enter through these doors.

When you get inside you will see the Box Office. This is where visitors can pick up or buy tickets for shows or gain any information about your visit.

General Building Information:

This is the foyer. The foyer is the area you are in before you enter the auditorium and during the performance you can come out and sit here and return at any point. This is also the area you can come to during the interval.

This is our bar where you can buy drinks, snacks and ice cream.

At any point during your visit you can ask for help from our Box Office, Stewards, and Events Team. You will see them in red t-shirts or hoodies that look like this.

J2:

There are 3 entrances into the J2 auditorium.

The right hand side of the bar, up the stairs.

The left hand side of the bar, up the stairs.

The corridor to right hand side of the box office (flat floor entrance)

This is the inside of the auditorium (J2). Inside the auditorium there are two rows of balconies and some floor seats. This is where you will sit to watch the performance.

For larger events, the space may look like this.

Some of our music events also take place here, and may have a completely flat floor and a raised stage.

J2 Toilets:

The downstairs toilets are located along the corridor to the right hand side of the box office.

The accessible and baby change toilet, downstairs, is located to the right hand side of the main staircases into J2.

There are also toilets located upstairs on the balcony level.

Once you've walked up the stairs on either side of the bar, turn left and walk through these doors.

Toilets with 5 cubicles and sinks inside (green door) are located on the right hand side, along with the accessible toilet.

If you continue through the doors, there is a toilet with a blue door which has urinals and cubicles inside.

J3:

The entrance to J3 is located on the left hand side of the box office, through these doors.

Inside J3 is a large, studio/theatre space. This space is used for artist residencies, workshops and performances.

Changing Places Toilet:

Inside the J3 studio there is a fully accessible changing places toilet with hoists and grab rails. Please make sure to ask a member of staff at box office if you need to access it.

Using the Lift:

The lift is located on the right hand side of the J2 foyer. Press 1 to go upstairs and G to return downstairs.

Chill-out Space:

This is only available for a few events. Please see specific event information for details.

When you arrive at the top of the stairs or walk out of the lift, you will see the mezzanine area.

Top of the stairs

Directly in front of you is 'the Hub'. This will have a chill-out space sign on the door. This is a room you can come to at any stage during your time in the venue to get away from the crowd, take a break, or just to 'chill-out'.

J1:

This is the outdoor entrance to J1.

The smoking area for all events (except clubs) can be found out the front of the building, by this door.

This is the entrance foyer where your bag will be searched and your tickets will be scanned.

The first entrance to the auditorium is on the first left after the box office.

To get to the cloakroom you need to walk under the 'Welcome to Cambridge Junction' sign and go through the doors. Here you can drop off your bag and coat. There is a fee of £3 per item to be paid using your card.

At the end of the corridor, turn left, and there is a second entrance to the auditorium.

If you turn right you will see the accessible toilet and the lift.

When you walk through the auditorium entrance doors, you will enter the main area. This is where the event will take place.

J1 Toilets:

To the right as you enter the auditorium, you will see the bar and two toilet entrances. The entrance with the orange door has cubicles and sinks in. The entrance with the blue door has urinals, cubicles and sinks in.

There are more toilets on the other side of the auditorium.
This is the entrance corridor to the ladies and accessible toilets.

This is the entrance to the men's toilets. The entrance is behind you if you are facing the stage.
